

## CURBSIDE RECYCLING GUIDELINES

Cart lids must be completely closed for safety to surrounding property and prevention of windblown materials. Over-filled carts with open lids may not be emptied.

Place your cart with wheels toward the curb by 7:00 am on collection day – this includes all statutory holidays, except Christmas and New Year's Day.

Use your roll-out cart for the storage and collection of approved recyclables only.

Please do not bag or tie your recyclables except plastic bags and shredded paper. Items should be placed into a clear bag only.

Return your empty carts to your property before the end of the collection day.

In the event of severe weather, please leave your cart curbside. Our trucks will provide service as soon as possible after the conditions have cleared.

Do not remove your cart from its assigned address.

Do not paint or mark your cart.

Please inform Loraas Recycle of any damage, vandalism, or theft of your cart.

For your child's safety, do not allow them to play near the collection containers or vehicles.

**By following these instructions, you will assist in making your community one of the cleanest and greenest in Saskatchewan!**
